

AGC Safety Committee and United Rentals Trench Safety

Trenching & Excavation "Competent Person" Training

Topics Discussed:

OSHA standards for trenching and excavating have been significantly changed. The new standard requires that every jobsite have a Competent Person.

Objectives of the Seminar:

To save lives in the trenches;

To assure owner compliance with OSHA 29 CFR Part 1926, SUBPART P Excavations & Trenches.

- History & Origination of OSHA SUBPART P
- Satisfying competent person requirements
- Soil classification and pressure determination
- Shoring systems & evaluation capacity of shoring devices
- Trench safety
- Guarantee workers are safe and that trenching and shoring operations are in conformance with OSHA requirements
- When to utilize a Registered Civil Engineer.
