AGC of America Webinar: Construction Stormwater Program

10:30 a.m., Tuesday, March 2

A new rule was issued by the U.S. Environmental Protection Agency in December 2009. This rule specifies the exact types of erosion and sediment controls that contractors must use, at a bare minimum, to control stormwater runoff on all construction sites that disturb one or more acres of land. These new limits strictly enforce the amount of sediment allowed to run off any construction site disturbing 10 or more acres of land at any one time (whether contiguous or not).

[Click here](#) for more information.

AGC of America - GM Discount Program

The 2010 AGC of America - GM discount program for 2010 model year vehicles is now in place. The program for 2009 model year vehicles also remains in effect. AGC firms and/or their employees may take advantage of the discounts under either model year program.

For more information you are encouraged to reach out to the GM dealers in your area. A list of dealers can be accessed as follows:

- www.gmfleet.com,
- Click on Small Business,
- Click on Business Central Dealers,
- Enter your zip code and it will list GM fleet dealers in that zip code area.

For information on other member discount programs please [click here](#).
