AGC Stimulus At Work Federal Webinar Series

The American Recovery and Reinvestment Act (ARRA) has provided the construction industry with an unprecedented opportunity to help rebuild our nation, our economy and our industry. As a result, ARRA and several other major changes governing how the federal government procures construction services have dramatically changed the federal construction industry.

AGC is offering a [cutting edge series](#) of federal contracting webinars to provide a detailed overview of some of the most critical challenges both new and experienced federal contractors will need to know about how to successfully navigate this new landscape and meet the demands of the economic stimulus package.

Green Associate LEED Seminar

7:30 a.m., Thursday, November 19

As the economy tapers and the job market tightens, employers are quickly learning the value of education. Many employers only have the best employees remaining and are gaining a greater appreciation for the need to participate in continuing education programs. The Green Associate LEED training is an excellent opportunity to separate you from the competition.
