Congratulations to Ross Hiserodt, Sales Manager with 3D Concrete, for being named Board President of the Sierra Nevada Concrete Association.

For over thirty-years, OnTrack Scheduling has been helping Contractors throughout the Western United States manage large construction projects by providing scheduling services using Oracle/Primavera P6 Software.

Now, in addition to P6, OnTrack is excited to bring a new scheduling paradigm to the General Contracting community, Phoenix Project Manager. Phoenix is an intuitive and robust scheduling program that easily imports data from MS Project and P6; which makes implementation at any level of experience easy.

To learn how Phoenix Project Manager can help your Company, call Kevin Elvrum, Owner of OnTrack Scheduling, Inc. at (530) 386-7701.
