Testimonials From Graduates

“Before starting the AGC Leadership Program, I was skeptical of how effective the course could be. I was surprised to learn that the challenges presented in this course were very hands on. One of the best takeaways from this course was how to communicate better with people who have very different personalities. I feel the AGC leadership module was an effective course in helping me become a better leader, and it helped me create connections with other professionals in our industry that I’m sure I will work with in the future.”

Jordan Koucky, CORE Construction – 2019 Graduate

“The AGC Breakthrough Training was a fantastic experience that broadened and deepened my understanding of what it means to be an effective communicator and leader. It also offered me the opportunity to create relationships with other professionals that contribute to the construction industry. I would highly recommend this course to anyone who is prepared to get comfortable being uncomfortable!”

Angel Ojeda, Intermountain Electric - 2019 Graduate

“Being a young individual entering the professional work world, I had little to no experience in a workplace environment. The AGC Leadership program aided me in gaining confidence working with more experienced coworkers. It gave me skills to become a more proficient communicator, engage with team members, as well as the understanding of the importance of being a good team member and what that entails. I recommend this course to anyone who wants to advance their career in a positive, productive way.”

Ryia Grant, A-1 Steel – 2019 Graduate
