IT'S A TRIFECTA!

Please join us for lunch and discussions on mobile security lighting, low voltage exterior lighting and digital geofencing and how it can help you.

February 6th in the NAM West meeting room

Noon to 2pm

Lunch and soft drinks served – this is a FREE lunch and learn

To register, please email Greg at: mgreg141@gmail.com

Limited to 30. Questions call: Greg at 775-825-6555

Meet the team

Dave Copeland: TID Systems

A presentation and review of the mobile security units that TID Systems builds in Reno. The goal is to inform and empower local contractors with the tools they need to protect their jobsites, as well as monitor its progress.

Matt Burns: Outdoor Lighting Perspectives of Reno & Lake Tahoe

Outdoor Lighting Perspectives (OLP): Commercial & Residential low voltage lighting experts When you partner with OLP, you're getting a specialized low voltage contractor that focuses on designing, installing and maintaining a variety of outdoor residential and commercial lighting systems.

Greg Mason - the GMAA Group, LLC Digital Targeting Specialists

What is Geofencing? It's a way to fence in a geographic area, whether a building or a zip code, and can be used to identify a particular demographic, targeting them with specific digital ads for information, sales, or data building.

Who can benefit from this lunch and learn? Real Estate Brokers, Contractors, Builders, anyone looking to increase market share.
