

Nevada Chapter AGC Newsletter

Monday, January 4, 2021
Volume 2021, Issue 1

**The AGC office will be open *by appointment only* during normal business hours
8:00 a.m. - 4:00 p.m., Monday - Friday.**

**Please call the office at 329-6116
to schedule an appointment.**

**Would you like to have a project featured
in the AGC Annual Report?**

We are seeking projects completed in 2020 to feature in our Annual Report. Please email a photo and description to Lesly, at LeslyJ@NevadaAGC.org, of any project you feel is noteworthy or commendable.

**Deadline for project photos is
Friday, January 29, 2021!**

**Nevada Chapter AGC Members are invited to participate!
Project Management Development Program by Procore**

Austin AGC is hosting a Project Management Development Program starting on March 23, 2021. They have invited members of other AGC Chapters to participate! See below for more information on this upcoming opportunity.

The [Austin AGC](#) has partnered with the Austin office of [Procore](#) to host the NEW 2nd edition of [AGC's Project Manager Development Program](#) (PMDP). This training will now be held online via Zoom video conferencing.

This 2nd edition of the PMDP is designed to specifically meet the needs of today's construction industry. The curriculum combines activities and shared experiences to provide the necessary skills and knowledge to increase the participant's ability to work successfully with others to ensure project success. This recently updated 40 hour in-seat classroom training was developed by AGC member company project managers for aspiring and new construction project managers.

The revised PMDP curriculum takes participants through the management of the entire lifecycle of a construction project, and contains the following five units:

- * Unit 1: Introduction to Project Management
- * Unit 2: Initiating and Planning, Part 1
- * Unit 3: Initiating and Planning, Part 2
- * Unit 4: Executing
- * Unit 5: Monitoring and Controlling, and Project Closeout

When: 8:00 a.m. - 12:00 p.m., every Tuesday & Thursday beginning March 23, 2021 and ending April 22, 2021.

Where: This class will be hosted online by Procore via Zoom video conferencing.

Cost: \$1295 for AGC members or \$1695 for non-members. Fee includes 5 textbooks.

Introducing the **one-year M.S. program in Civil & Environmental Engineering** at the University of Nevada, Reno

The Department of Civil and Environmental Engineering at University of Nevada, Reno is pleased to announce that graduate program requirements have been consolidated and streamlined allowing prospective M.S. students to complete their course work in 1 year. Both MS Plan A (thesis option) and MS Plan B (coursework option) require a minimum of 26 credits. These program modifications support technical specialization for early and mid-career individuals with minimal life and career disruption.

Time to degree

- All required courses as well as a number of elective courses will be offered on a yearly rotation.
- Full-time students can expect to complete an MS Plan B in 9 months (mid-August to mid-May), by taking 13 credits (4 classes plus 1 hour seminar) in each of 2 semesters.
- Working students can expect to complete an MS Plan B in 2-3 years by taking 1 to 2 classes per semester.
- Most courses will be offered in a hybrid or mixed-mode (part in-person and part online) format to support remote learners. Contact cee@unr.edu to determine if a fully remote degree option is possible in your area of specialization.

CLICK HERE TO LEARN HOW TO APPLY AND TO EXPLORE COURSE OFFERINGS BY AREA OF SPECIALIZATION

SPECIALIZATIONS

- Earthquake and Structural Engineering
- Environmental Engineering
- Geotechnical Engineering
- Pavement Engineering and Science
- Transportation Engineering

ADMISSIONS REQUIREMENTS

B.S. GPA of 3.0*

GRE requirement waived for Fall 2021 applications.

*Pre-admission paths are available for students that do not meet the admission requirements.

Why Choose CEE @ The University of Nevada, Reno

Forty-five minutes from world-famous Lake Tahoe, the University of Nevada, Reno is an R1 Carnegie Research Institution, a designation reserved for doctoral universities with the highest levels of research activity. The Department's graduate programs are nationally ranked by U.S. News & World Report: #55 in Civil Engineering and #59 in Environmental Engineering.
